What experience will you bring to the role that will enable NISA to achieve not only its strategic objectives, but also those specific to the position you have applied for?

I have over 35 years experience in International Financial Services having responsibility for significant international teams working in the Global Financial Markets. This experience is supported by having an MBA in Finance and Business Organisation that gives me a strong theoretical and practical background in organisational and financial management.

Since taking over as Finance Director of NISA in the past few months, with the co-operation of Ken Pendrey, I believe we have begun to address some of the key challenges being faced by the Association in managing its finances and have made good progress in bringing good order to the financial health of the association.

If I were to be elected to this position I would continue to take a prudent approach to the management of the associations finances and press forward with finding new sources of funding to support the activities of NISA.

Completed forms must be returned to the following address to arrive no later than 5.00pm on Friday 1 April 2016
