

TECHNICAL SPECIALISTS COMMUNICATION

FEBRUARY 2014 UPDATED MARCH 3rd 2014

All Technical Specialists must observe Conflict of Interest Rules and declare any conflict of interest before accepting an invitation to officiate. Technical Specialists may not officiate on a panel where they have an ex pupil for at least six months following working with that skater at general levels 1-10 or within the same season of coaching a skater in the ISU categories – Novice, Junior and Senior.

These conflicts also apply to Probationary Technical Specialists as it is not appropriate for them to be party to any technical panel discussion if they have a conflict as described in paragraph one above.
